

At Pikkarala School, students study in connecting classes.

Our school has connecting classes: 1st – 3.lk and 4th – 6.lk.

Our village school in a safe and close to nature

In the working environment, we strive for the most diverse work methods and taking others into account to acquire basic knowledge and skills needed in life.

In our upbringing, we value the support of the Pikkarala village community and cooperation between home and school.
