

CITY OF OULU

HOUSING GUIDANCE SERVICE

The City of Oulu Housing Guidance Service can provide assistance and advice with housing-related issues. The housing guidance is free of charge and intended for all Oulu inhabitants, no matter their mode of housing.

The housing counsellors can support and assist you with housing-related questions such as

- assistance with applying for housing-related benefits and allowances
- applying for a new dwelling
- issues with rent or other financial problems with housing
- trouble with maintaining your apartment, or when facing eviction

Contact the housing counsellors as soon as you identify a housing-related issue that you need help with. You may contact us by telephone, SMS message or email. A meeting in person can also be arranged if desired. Working with us is always completely confidential.

Let's work things out together!
